

Funds list

24 January 2012

Using this funds list

This funds list should be read in conjunction with the Sippdeal key features, terms and conditions and any marketing literature and key features, which may be available from the fund manager.

The list has been designed to act as a guide to the funds available and to show the discounts we have negotiated for the benefit of our clients.

You will have access to over 2,300 unit trusts and OEICs, probably more than any other fund supermarket. We rebate all initial commission on unit trusts and OEICs. In addition to this we have negotiated additional discounts with most of the leading fund managers, this increasing the number of units purchased. Over 2,100 funds have no initial charge and more than 2,200 funds have an initial charge of 0.50% or less. There is a flat dealing charge on sales and purchases of unit trusts and OEICs. Please see the 'Charges & rates' section of our website for details.

The discount stated in our funds list is the actual reduction that we have negotiated with the fund manager of their initial charge. In some instances the arrangement with the fund manager is based on the creation price. Some OEICs may apply a charge (a "dilution levy") on entry into or exit from the fund if it is necessary to buy or sell shares to complete the transaction, particularly if the volume of transactions is large. The amount of the levy will vary from fund to fund but will typically range from 0.25% to 0.70%. The fund manager will normally advise if a levy is applicable but please ask if that is the case when giving an instruction to place an investment. The levy is credited to the benefit of the fund and is in addition to any other charges imposed by the OEIC.

The funds list will be updated from time to time and for the most up to date version please refer to our website at www.sippdeal.co.uk.

Fund charges and discounts are also shown online in the 'Research centre'. The 'Research centre' also offers a wide range of data on funds including performance tables (with or without fund categorisation), investment charts, easy buying and selling functionality, asset allocation, fund holdings and fund manager details.

The information supplied within this document is as accurate and up to date as possible, however we cannot guarantee that the status and charging structure of any individual fund is correct. We cannot accept any responsibility or liability for any loss arising from any inaccuracy in the data supplied.

A J Bell receive a rebate of a portion of the annual management charge (AMC) from certain fund managers.

We do not offer any investment advice or make recommendations as to which funds should be purchased. If you have any doubts as to the suitability of a particular fund(s) in your circumstances then we recommend that you seek advice from a suitably qualified financial adviser.

Annual fund rebate

- 1) Any annual fund rebate will be paid into the SIPP, investment ISA or dealing account cash account on 28 February annually.
- 2) If you do not hold the fund on 1 February then you are not eligible to receive any rebate on 28 February of the same month.
- 3) The rebate paid on 28 February will be for trail commission received by us up to and including 31 December the preceding year.
- 4) If a fund is withdrawn from the funds list before 28 February, any rebate will only be paid pro-rata on the complete months it was available.
- 5) We reserve the right to amend or withdraw the rebates offered in the funds list at any time by giving 30 days' notice in writing.

IMPORTANT WARNING NOTICE

We will try to ensure that this funds list is fully up to date and in line with the specific agreement we have with each fund manager. However, you should check the initial charge at the time you purchase each fund. We will not be in a position to remedy any discrepancies after the event.

Fund managers may change the basis on which funds are made available and this can include increasing the initial charges applied to fund purchases. Whilst our dealing team will attempt to bring any changes to your attention we will not accept liability for any higher initial costs you may incur. The contract note for any purchase will always show the discount, which has been applied and we suggest you check this carefully.

If the unit trust or OEIC you wish to purchase is not on this list e.g. certain property or hedge funds, or if you have any additional investment related queries, then please call our dealing helpline on the number below.

Delays may be incurred when purchasing investments that are not included in our funds list due to the non standard settlement process. Furthermore, price feeds for such investments may be irregular and you must take extra care when using any valuations displayed on our website as these may be out of date.

Please call our dealing helpline on 0845 37 33 479 with any queries.
